

# Certificate of Accomplishment

presented to

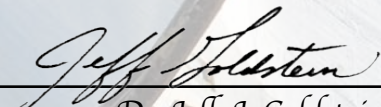

in recognition of your participation in the

## Student Spaceflight Experiments Program on STS-135, the final flight of Space Shuttle Atlantis

By proposing an experiment to fly on one of the final two flights of the U.S. Space Shuttle, as part of this U.S. national student scientist initiative, you have become part of the history of human spaceflight. We hope your accomplishments will inspire you to keep reaching for the stars!

Dr. Jeff J. Goldstein

Director, Student Spaceflight Experiments Program

Jeffrey Manber

Managing Director, NanoRacks, LLC

SSEP is undertaken by the National Center for Earth and Space Science Education (NCESSE) in partnership with NanoRacks LLC. This on-orbit research opportunity for students is enabled through NanoRacks LLC, which is working in partnership with NASA under a Space Act Agreement as part of the utilization of the International Space Station as a National Laboratory.
